

R E S O L U T I O N

WHEREAS, the Knife River Sanitary District and Lake County have complied with the requirements of M.S. 116A SUB. .10, .11 and .12 SUB 1 through SUB 3 pursuant to preparation of reports, notices and mailings for the second hearing on the petition, engineer's and viewers reports, and

WHEREAS, the Knife River Sanitary District and Lake County have conducted a second hearing pursuant to the requirements of M.S. 116A at which the residents and those property owners affected by the Knife River Sanitary District have heard and had an opportunity to comment upon information presented in the engineer's and viewer's reports, and

WHEREAS, the Knife River Sanitary District and Lake County have considered the various funding sources available in the form of grant and loan monies to aid in the construction of the proposed facilities, and

WHEREAS, the Knife River Sanitary District and Lake County have considered sewer user charge methods and costs to provide sufficient capital for operation of the proposed facilities.

NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of Lake County that:

1. The Engineer's and Viewer report and all other proceedings in the matter appear to have been conducted in accordance with the law, pending written verification by the attorney appointed by Lake County.
2. The estimated benefits are greater than the estimated cost.
3. The benefits and damages have been duly determined and the proposed facilities will be of public utility and benefit and will promote the public health with the exception of the condemnation of the Kathrine Myrvold property Lots 9, 10, 11, 20 and 21 of Block 19, which is referred to the County attorney.
4. The sewer improvements are established and adopted as shown by the Engineer's Plans dated August 16, 1982, and confirms the viewer's report as amended above.
5. That the Engineer be directed to proceed with preparation of such applications as may be required to obtain state and federal grant in aid monies to assist in the construction of the facilities.
6. Construction of the facilities be ordered as shown by the Engineer's Plans dated August 16, 1982, contingent upon the availability of state and federal grant monies; and construction activities be scheduled during 1983, 1984 and 1985 to make best use of the available I.R.R.R.B. grant monies.
7. The Board hereby authorizes payment of damages as determined by the Viewer's Report. Said payment shall be made by the proper officers under the provision of Minnesota Statute Chapter 116 A.

This resolution shall serve as the order of the Board pursuant to Minnesota Statute 116 A.12 Subd. 10.

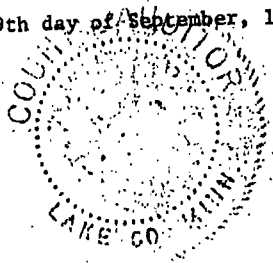

Commissioner Edwin Hansen moved the adoption of the foregoing resolution and the same was declared adopted upon unanimous yea vote of all members present.

Adopted September 16, 1982.

STATE OF MINNESOTA)

REPORT OF VIEWERS

KNIFE RIVER SANITARY DISTRICT
Project C27 - 1423 - 02

TO: LAKE COUNTY BOARD OF COMMISSIONERS.
KNIFE RIVER SANITARY DISTRICT BOARD.

Please be advised that the undersigned have met for the purpose of viewing the properties affected by the Waste Water Treatment System proposed for Knife River, being appointed and having the Oath of Office administered on June 17, 1982.

Through personal inspection of the affected properties and a thorough examination of the detailed survey describing Project C27-1423-02, Wastewater Collection, Treatment & Disposal prepared by MSA, Inc. of St. Paul, Minnesota, the following fifteen (15) pages; which were part of the above detailed survey; have been completed as to the amount of damages to each property.

The award for damages have a condemnation and taking of 8 lots, as the service line as it is laid out has made the lots unsalable in our opinion. These are Lots 30, 31, 32, Block 17, and Lots 10, 11, 12, 13 and Lot 20, Block 19, Knife River.
