# 1<sup>ST</sup> AMENDMENT TO LAKE COUNTY ORDINANCE #11

## AMENDED: APRIL 28, 2015

### Article V, Section 2.0 Amendments to the Adopted Standards

#### 2.06 Type III System Requirements

Type III systems that do not have the required 12 inches of suitable soil above the periodically saturated soil, bedrock or clay must meet the following requirements:

1. Maximum contour loading rate of 6.
2. Minimum absorption ratio of 5, except where there is less than 6 inches of suitable soil above clay. In those situations, the minimum soil absorption rate will be 7.
3. Require 3 feet of sand below distribution media.
4. If the site has 2 inches or less of suitable soil over clay an appropriately licensed soil scientist must be utilized in the design process.
5. There must be an appropriate amount of soil over bedrock to allow for wastewater to absorb into the natural soil.
6. Items 1-5 above are minimum standards that Lake County will accept for Type III systems. The designer is responsible to determine if additional design standards must be employed for site specific reasons to ensure the system functions appropriately.

#### 1.04 Bedroom Addition

Any bedroom addition shall require a SSTS Compliance Inspection if there is not a valid Certificate of Compliance on file as defined in Article VIII 1.02 C or Article VIII 1.03 H. If the current SSTS does not comply with Design Flow – gallons per day, the SSTS must be upgraded, repaired, or replaced to meet the required design flow according to MN Rule 7080.1860 to accommodate for the bedroom addition.

**RESOLUTION NO. 15042813**

**RESOLUTION APPROVING ORDINANCE #11**

WHEREAS, The Planning Commission held a public hearing on April 20, 2015 to review minor revisions to Lake County Subsurface Sewage Treatment System (SSTS) Ordinance #11; and

WHEREAS, the Planning Commission reviewed the addition of language relating to 1) minimum design requirements for Type III systems (systems that have less than 12 inches of suitable soil); and 2) language to clarify when compliance inspections are required for bedroom additions; and recommends their approval; and

NOW THEREFORE BE IT RESOLVED that the Lake County Board of Commissioners adopts the recommendation made by the Planning Commission and approves these revisions to Lake County Ordinance #11.

Adopted: April 28, 2015

Commissioner Jones moved the adoption of the foregoing resolution and the same was declared adopted upon unanimous vote of all members present. Absent: Hurd
