Contract For Holding Tank or Vault Privy Pumping

We, the undersigned, enter into this holding tank/vault privy pumping contract. The owner agrees to properly monitor the tank level, and agrees to notify a septic maintainer, _____, when the tank level reaches a $\frac{3}{4}$ full level,

(Septic Maintainer Name)

wherein, the maintainer will pump out contents before tank reaches an over full level, at the agreed-upon sum.

If tank needs to be emptied at a time when septage cannot be disposed of by land spreading and needs to be taken to a municipal treatment plant, owner agrees to pay additional dumping fee.
